

Hide and Seek Puzzle

Cindy Smith and Evonne Weinhaus

When was the last time you played Hide and Seek? Or any other childhood game? Seems like a lifetime ago? Not so! You probably played yesterday or even today. You just don't know it.

Based on the premise grown-ups play childhood games when their behavior is infused with fear, *A New Fearless You* helps you to put fear in its place and develop a new game plan that fuels a new fearless you!
